Caring … Compassionate … Considerate

Welcome to Kiddie West Pediatric Center.

We are here for you. Our passion is to provide the best and most comprehensive healthcare available for your children.

We understand the importance of following your children's growth and development, and will schedule periodic well-child screening visits to monitor your child's progress.

When your child is sick, we even offer urgent care for visits in the morning before office hours during the week. For after hour emergencies, we have a 24 hour answer service.

Our website is a great online healthcare resource and provides useful information for healthcare questions you may have.

And if you're on the run, our mobile website will give your quick access to our information.

We are conveniently located in the Lincoln Village Plaza Shopping Center, on W. Broad Street off 270, close to Ohio Health Doctors Hospital, and just minutes from Nationwide Children's Hospital. Parking is free and accessible to our office.
