

## **NEW GUIDELINES**

### **GAS AND ELECTRIC UTILITIES**

### **MEDICAL CERTIFICATIONS**

We can only sign medical certifications if the patient has a life threatening illness that requires gas or electricity. They need to have medical equipment that requires electricity to operate, a recent exam and documentation of life threatening medical needs.

In order for us to complete the form, you need to call your service provider and have them fax us the form.

We require at least a 24 hour notice (not including weekends) in order to complete the form.

The form can only be completed Tuesday-Friday before 4:00 PM.

We can only do gas or electric certifications, we cannot do phone or water certifications.

Please remember utility medical certifications are not the responsibility of Kiddie West Pediatrics, it is a courtesy to our patients.

We will try to manage these requests amongst giving quality care to all our patients.
